Logic File for Survey # [187652]: Unpublished Findings in Experimental Philosophy: Causes and Impact

Welcome:	
	We appreciate your interest in this study, which investigates how unpublished or unreported findings may affect experimental philosophy. Our aim is to examine researchers' experiences, practices, and attitud... identifying information. The entire survey should take about 15–20 minutes to complete. We recommend taking part in this survey using a desktop (not mobile) web browser.
	This study seeks participants who
	• have completed or are currently pursuing a doctoral or other terminal degree (e.g., PhD, EdD, JD, MFA, MBA) in philosophy or a closely related field, • conduct quantitative experimental or empirical research, and • are affiliated with a university or research institution.
	Some of the questions in this survey are inspired by studies conducted on researchers in other fields, such as psychology, neuroscience, and applied linguistics. This allows us to compare the challenges face... If you have any questions or concerns, please contact the research team at b.mackiewicz@uw.edu.pl.
	This study has been approved by the Rector's Committee for the Ethics of Research Involving Human Participants, University of Warsaw (Decision Number: 361/2024).
	By continuing, you acknowledge that you have read and understood this information and consent to participate.
End message:	Thank you for participating in our study! Your responses have been recorded, and we greatly appreciate your time and input. If you have any questions or would like to learn more about the study's findings, f... practices in experimental philosophy.
